

DUAL SPORT TOURING LOOPS

PRINCETON - TULAMEEN - KVR LOOP

DUAL SPORT ONLY

Distance: 129 km

Approx. Time: 2.5 hrs on loop

Follow the route of the famous Kettle Valley Railway through the scenic Tulameen Valley. You can make your way to Princeton via a few options. Try the Summerland/Princeton Osprey Lakes route or Hwy 3, there's several possibilities. Access the Princeton-Tulameen loop on the north side of the bridge just off the main street in Princeton. This fun, twisty ride goes through the village of Tulameen. You could stop for a quick swim in Otter Lake on a hot day! Fuel is available at the Trading Post General Store. The dirt surface starts a few km north of the village on Coalmont Rd and follows the KVR north through the valley. You'll cross the old rail route and head through the gorge to the grasslands. Once you arrive at Hwy 5A, turn right and ride back down to Princeton. From here, your options include a ride back through the Princeton-Summerland Osprey Lakes Rd or up the Hedley-Nickel Plate Rd past Apex Ski Resort and back to Penticton for a well-deserved craft beer and burger!
